

Meet the Physical Therapist...

Michael Donnelly, P.T.

midonnelly@hq.novacare.com

Total Clinical Experience: 24 years

Michael Donnelly is a Physical Therapist at Shore Orthopedic Rehabilitation in Somers Point, managed by NovaCare, located at 24 McArthur Boulevard. A seasoned clinician in the outpatient and home care environments, Michael treats a full spectrum of orthopedic/sports injuries and conditions and specializes in the rehabilitation of geriatric patients with orthopedic and neurological diagnoses. He particularly enjoys working with the senior population because they are motivated to remain independent, active in their community and are truly cooperative participants in the rehabilitative process. His treatment style is straight forward and patient-centered and whether he is working with an older patient or an elite athlete, Michael has established protocols with functional activities and hands-on treatments that ensure positive outcomes and a return to activities without repeat injuries. With a focus on complete care and a team approach, Michael treats with professionalism, compassion and sincerity.

Michael is an alumnus of Stockton State College where he earned a Bachelor's degree in Physical Therapy and he has continued to pursue clinical and service excellence with multiple continuing education courses on geriatrics, orthopedics, and sports medicine.

Michael's Vision... "I became interested in becoming a physical therapist after volunteering at the local rehabilitation center as a swim team community service project. I believe that you will always look forward to going to work if you have the ability to help someone."
